The 1968 Games of the XIX Olympiad held in Mexico City were historic from many perspectives. These were the first Olympic Games held in Latin America, the first games held in a Spanish-speaking country, the first games to use an all-weather tartan track for track and field events and the first games to welcome a team from Barbados.

In the ensuing 50 Years, the Barbados Flag has flown proudly and our athletes have displayed our colours with pride at 13 more Olympiads.

And so now we focus on Barbados' 14th Olympiad, Tokyo 2020.
